To Whom It May Concern:

It gives me great pleasure to recommend Glenn Griggs to your firm. I have worked with Glenn for 3 years. In that time, he has assisted RJ Waller Hospitality Group in many of our endeavors, including the building of Hampton Inns, Hampton Inn and Suites and independent hotel projects.

RJ Waller Hospitality Group, LLC has worked closely with Mr. Griggs on design and build for the Hampton Inn & Suites Arlington Entertainment District, as well as, a prototype hotel, The Vineyard, which will be located in Grapevine, Texas. With these projects, his eye for design has been invaluable, as well as his problem solving abilities and communication skills.

I recommend him with enthusiasm, and will continue to work with Glenn to build RJ Waller Hospitality's hotel projects for years to come.

Sincerely,

Randy Waller

President
